## Two Teachers Needed

### County Schools Ready For Sept. 4 Opening

At the regular meeting of the County of Vulcan School Committee, held on Monday of this week, a delegation comprised of Varno Westersund, John Green and Charles Meadows of the Herron district, representing the parents of school children of that area, interviewed the committee. The delegation agreed that the public school children of the Herron district should be vanned to the Mossleigh and Brant schools but asked that the Grades 10, 11 and 12 students be vanned to the Blackie high school rather than to Vulcan. The School Committee agreed to this proposal and will arrange to van the 15 or 16 high school students involved to the Blackie school. The Foothills School Division will receive the Foundation Program grant per pupil for these Herron students.

The new Carmangay school has been officially taken over from the contractors and will be ready for school opening on Tuesday, Sept. 4.

Mrs. A. Versluys at Champion has submitted her resignation from the Champion teaching staff due to the transfer of her husband to Lethbridge. One more teacher is also needed at Arrowwood and other than these two vacancies a full teaching staff has been engaged for the new term in the County schools.

A complete list of the teachers in the County schools will be published as soon as it is available in September.

## Reception Honors Young Newlyweds

Saturday evening, July 28, relatives and friends gathered at the Anglican Church to honor a newlywed couple, Mr. and Mrs. David Schuler.

With Mrs. C. P. Zimmerman at the piano, Mrs. D. Galbraith sang "Till Walk Beside You", as the bride and groom entered the hall to their seats of honor.

Other guests at the head table were the bride's parents, Mr. and Mrs. E. Scott of Calgary, Mr. and Mrs. V. P. Schuler, parents of the groom, and Mrs. South, the groom's grandmother.

Also present was Allan McAskile, who was the best man, and Mrs. McAskile, who acted as usherette.

MR. AND MRS. JAY BEAGLE

Mr. and Mrs. Jay Beagle of Arrowwood are planning on moving to Calgary some time this fall after making their home at Arrowwood for nearly 50 years. As a sort of farewell to the home where most of the sons and daughters grew up, 37 members of the family got together in the Arrowwood FUA Hall for their first family reunion in 21 years.

Those present included eight of their nine children, 18 of their 22 grandchildren and two of their four great-grandchildren. Coming from Calgary were Mr. and Mrs. John Mackie; Mr. and Mrs. Lawrence Mackie; Mr. and Mrs. Robert Mackie, Gary and Reggie; Mr. and

## Receives M.Ed. Degree, Florida

A former resident of Vulcan and student at the Vulcan high school, Mrs. Ethel Hawkins of Box 176, RR-1, Green Cove Springs, Florida, received her Master of Education degree at the University of Florida on Aug. 11. She is the former Ethel M. Campbell, daughter of early Vulcan residents, Mr. and Mrs. N. S. Campbell.

This summer, Mrs. Hawkins was a counselor on a National Science Foundation research participation program for gifted high school students, held at the University of Florida, Gainesville. This involved a study of the scientific research work done by these selected students at 25 laboratories on the campus, with the projects ranging from research on nuclear reactors to chromosomal analysis of heritable diseases.

Mrs. Hawkins last visited Vulcan in 1946 but, with her husband, two sons and one daughter, hopes to make a trip to Alberta and renew friendships at Vulcan sometime within the next few years.

In charge of the guest book; bridesmaids, Rita and Irene Scott, ushers, Douglas Scotney, Gary Schuler and Ren Scotney and Miss Barbara Schuler, the groom's sister who was the little flower girl.

Albert Collier, on behalf of the young couple, welcomed the guests and gave Grace.

During the delicious dinner Walter Franks, the master of ceremonies, called upon the couple's fathers and Herbert Mumby, Harris Matlock and Les Johnson for a few timely words, both amusing and serious.

Ron Buehler proposed the toast to the happy couple to which the groom ably replied.

The hall and floral decorations arranged by Mrs. Eileen Schuler and Mrs. Shirley Franks provided a very picturesque background for this happy and memorable evening.

Making friends with a canine visitor at the beach area at Little Bow Park are Allan Dale and Jimmy Jones whose parents brought them over from Nanton one recent Sunday for an afternoon by the water. That's Rhonda Clark, also with the group, heading for a dip.

Thousands of dollars in sales and equipment has resulted from the mushrooming growth of the summer hobbies of boating and water skiing. A few samples of such investment are pictured along the docks at Little Bow Park. The lake is described as excellent for such water sports and attracts enthusiasts from all over Southern Alberta.

## Vulcan vs. Champion In Baseball Finals

Vulcan Elks are one successful series away from the trophy in the Foothills Baseball League. They are now down to the finals against Champion after being extended to a full round against Lomond in the semi-finals.

Champion polished off Nanton in their end of the playoffs and were to be hosts to the Elks for the first game of the finals Wednesday of this week.

Baseball fans have a chance of viewing what could be a most interesting double-header this Sunday when these clubs return to Vulcan for the second and third games of the finals. Time for the afternoon set will be 2:00 p.m. and 5:00 p.m.

Elks scraped by Lomond in the semi-finals but it took a home run in the fourth game here last Sunday to settle the issue.

Vulcan took the opener at Lomond but the series was equalled by a Lomond win at Vulcan in the second game. Elks took the next game at home but lost the return game at Lomond.

In the fifth meeting at Vulcan, Elks scored two runs in the early innings but in the fifth Lomond drove in three men to lead 3-2. In the eighth inning Ruark of the Elks got on with a hit pitch and Mel Jordan belted a home-run to put Vulcan one up.

Cottrell was the winning pitcher and Magnuson of Lomond took the loss. Tim Ost started on the mound for Lomond.

Elks playing coach Dusty Rhodes was happy with the errorless ball turned in by his club on Sunday and particularly so of the infield composed mostly of junior players for this game.

A most interesting program of contests was enjoyed by all and prizes were ribbon corsages, made by Mrs. Polly Horkoff. The contest arranged by Bertha Webber was won by Muriel Smith, while the one presented by Doris McLean was won by Mrs. Chloe Marshall.

The budworm epidemic, now being held in check in New Brunswick and Gaspé by aerial spraying of five million acres of woodlands, took a deadly toll of timberlands before the advent of the spraying technique. Contrary to some popular beliefs, a budworm infestation does not die out of itself but continues until the forest is destroyed. Combating the budworm invaders with DDT insecticide has been a

## Television Set Nabbed By Thief

A thief who apparently knew exactly what he wanted and wasn't going to bother with anything else broke down the back door of Wilson and Giles Electronics Ltd. shop Tuesday night of last week and carted off a portable television set that had been on display in the showroom.

A careful check revealed that nothing else had been taken. The burglary is being investigated by police and one was suggested that they concentrate suspicion on football or baseball fans.

## Demonstration On Proper Make-up

The regular meeting of the Berrywater FWUA was held Aug. 9, in the afternoon, at the home of Muriel Smith. Attendance was fair and roll call was answered by "Topics for Farm Forum".

The tea draw was won by Lorna Gerding. Correspondence dealt largely with routine matters and included letters from Donka (the local's adopted son) and from Ed Nelson, president of the Provincial FUA, who gave the minutes of the board meeting at Warner.

CDA pamphlets and booklets on Wills, which were ordered previously were given to members to study.

The last of the frozen foods orders were turned in.

SEVERED FOOT  
REPLACED IN 1937

When a doctor in Calgary recently received much publicity when he performed an operation on a young girl, sewing her arm in place, after it was almost severed in an accident, it brought to mind that in 1937, Doctor Edwin H. Freeze of Champion performed a similar operation. James Wannop, 3 years old, had his foot severed in a hay field. Only one cord was holding the foot. The boy's father, Albert Wannop, phoned Doctor Freeze, who was at the farm in 15 minutes.

He sewed the foot back in place, put on a splint, and then drove the boy to Calgary. The doctors in Calgary said the job was a good one, and couldn't be improved upon. The foot was put in a cast and in six months the child could walk.

James Wannop is now a United Church minister at Ashmont, Alta., 120 miles northeast of Edmonton. Mr. Albert Wannop, the boy's father, says his son has only a slight limp.

It would be a waste of time to head for the hills (as so many say they would do) if an atomic war ever came to Canada — that is unless the hills had been prepared ahead of time. Nor will our human characteristics allow us to just lay down in resignation to die in pieces.

Preparation is essential, let's not be found wanting, let's be ready.

The Northwest Special rolls smoothly through rough and rocky fields. It picks up every straw, whether the windrow is light or heavy. And it delivers a completely unthreshed crop safely to your combine.

SEVEN BINDERS being pulled by a big steam engine are shown in this oldtime photo of harvesting on the Frank Heckle farm at

## District News

### HERRONTON FARROW

The Swartz families held their annual family picnic at the High River Park on Sunday.

Recent visitors at the Henry Frank home have been his sister and her husband of Kalispel, Mont. and also Mrs. Charles Vaughn of Havre, Mont.

Crops in this area are surprisingly good considering the fact that there has been very little rain all summer, until last Sunday when eight-tenths of an inch fell. First to combine rye was Stu Beagle with yields somewhere over 20 bushels per acre.

Tery Murphy of High River was a recent visitor for a few days with Jackie Laycraft.

Kenny Weber and Danny Ege-land of Blackie exchanged visits. Mr. and Mrs. Stu Beagle did some golfing at Waterton Lakes and Lethbridge, where the Elks Club had a tournament during July.

Mrs. R. G. Thomas and Arnold Thomas are enjoying an extended holiday in Tennessee with her parents and sister.

Congratulations to the students

of the Herronton school for their wonderful showing at the Art Exhibit at the Calgary Stampede.

Mrs. Annie Verigen has returned from a visit with relatives at Mission, B.C.

Get well wishes to Ray Despas and Charlie MacIntosh who are patients in the Vulcan Hospital, and to Mrs. Clifford Laycraft who underwent surgery in the Calgary General Hospital.

Congratulations to Midge Bodell who matriculated with 82 per cent and to Donald Thomas who matriculated with 70 per cent.

Donnie and Randy Malmberg and Lynn Malmberg of Carlsland spent a few days last week at Waterton Lakes.

Kenny Malmberg, Duane Malmberg and David Stewart went to Banff on a camping trip.

### SPECIAL MEETING

At a special meeting of parents of school pupils of the now closed Herronton School on Saturday at the Herronton Community Hall, a committee was appointed to meet with the School Board of the Vulcan County No. 2 on Monday, to request that all the pupils be vanned to Blackie School.

The feeling of the group indicated that one van calling at each home could take both elementary and high school pupils to Blackie, whereas now in many cases, where both age groups are in the home, two vans are required, one hauling elementary pupils to Mossleigh or Brant and one hauling high school pupils to Vulcan. Milages are also part of the subject of controversy as Herronton is nine miles from Blackie and 25 miles from Vulcan.

If the County School Board and the committee from Herronton fail to reach an agreement, a petition is then to be circulated to request that the county boundary line be changed.

Community Centre with Mrs. Lawrence Monner and Mrs. Myrtle Monner acting as hostesses. News flashes were read and discussed.

Members voted to make a donation to the Liberty Community Centre for the use of the building for summer meetings. A letter was read from their Korean orphan. Apparently Korean farmers are facing similar problems to some in Canada in that they are also suffering from extreme drought conditions.

Mrs. John Papp, district five director, spoke briefly on the numerous educational booklets and pamphlets available with particular reference to the 24 page booklet on Wills, their purpose and preparation, which has been prepared for distribution by the Extension Branch of the Alberta Department of Agriculture. This booklet, prepared by the Department Solicitor, Alex B. Weir is made available without cost through the offices of the District Agriculturist or by writing direct to the Director of Extension, Alberta Department of Agriculture, Edmonton.

The material defines a will, sets out capacity of anyone to make a will, outlines various types of bequests, deals with appointment of executors and administrators, makes reference to the Estate Tax Act, discusses the effects of gifts on the estate, alterations to the will and many other aspects of the law.

Members expressed interest in obtaining copies and asked their secretary, Mrs. Prentice to write for several copies.

An interesting report of Farm Young People's Week in June was given by Phillip Bertrand. Phillip studied crops and grain grading and attended classes in public speaking. He expressed his appreciation to the organization for their sponsorship and was thanked by president, Mrs. Stan Godkin for his report.

Raffle was won by Mrs. Jessie Umscheid. The next meeting will be held Sept. 4, at the Liberty Community Centre.

## TEXACO FARM TIPS...

LEAD PENCIL TESTS  
 FOR REVERSE  
 POLARITY IN  
 IGNITION SYSTEM

Reverse polarity in the ignition can turn a smooth-running engine into a rough and lazy loafer, simply because it's not getting a hot enough spark in the plug terminals. There are two causes for reverse polarity: improperly connected battery, or improperly connected ignition coil. In either case, the terminals are reversed. To find out if reverse polarity is your problem, first make a visual check of the battery and coil connections. If these seem correct, you can make the next test with an ordinary wooden pencil. First sharpen the pencil so at least 1/4" of lead shows. Remove one of the spark plug cables, and run the engine at a fast idle. Hold the cable terminal near the engine block, and insert the pencil point between them. Move the cable terminal close enough to the block to make the spark jump from the terminal to the block through the pencil point. If the spark jumps toward the engine block, polarity is correct. If the spark jumps from the block toward the cable terminal, polarity is reversed. An easy way to keep engines running sweetly during big seasonal temperature swings is to use Fire Chief gasoline. Texaco Fire Chief is climate controlled — blended in a seasonally-changing formula to make sure it is always right for the weather conditions in your area. Fire Chief is the regular-grade gasoline for profitable performance. Fire Chief is available on prompt delivery from your Texaco Farm Supplier — the man you trust for all your fuel and lubrication requirements.

## Wed At Vulcan Church Of Christ

A mid-summer wedding was solemnized at the Vulcan Church of Christ on July 21 at 7:30 p.m., when Mable Eleanor, daughter of Mrs. George Reath and the late George R. Reath of Vulcan was united in marriage with Darrel Roger Maisey, son of Mr. and Mrs. A. W. Maisey of Kirkcaldy. Rev. Ronald J. Pelham officiated at the

double-ring ceremony, which took place before the altar on which was placed the open Bible, flanked by six white tapers.

The bride was given in marriage by her brother, James Reath. She chose a floor-length gown of white clustered satin featuring a scalloped lace bodice and lily-point sleeves. To her small white pill-box hat was fastened a shoulder-length veil featuring a border of applied roses matching those of the lace overskirt. She carried a cascade bouquet of white roses entwined with heather, which was sent from Scotland by her aunt. Her only ornament was a drop-pearl necklace, a gift of the groom.

The bride was attended by her sister, Miss Marjory Reath as maid of honor, and her cousin, Miss Myrna Reath, of Glencoe, Ont., as bridesmaid. They wore identical street-length dresses of pale green and gold, respectively, with matching pill-box hats. They each carried a cascade bouquet of white chrysanthemums.

The groom was attended by Jerry LaRoche of Calgary. The ushers were Cameron Love of Calgary, cousin of the bride, and Larry Maisey of Herronton, cousin of the groom.

Organist for the service was Miss Evelyn Reath, sister of the bride. During the signing of the register, Miss Betty Hammer of Grand Prairie sang, The Twenty-Third Psalm, to the tune of Crimond.

The bride's mother wore an afternoon dress of dusty rose, with white accessories and white roses en corsage.

The groom's mother wore a navy blue silk afternoon dress with white accessories. Her corsage was white roses.

Following the ceremony a reception was held in the dining area of the church. The bride's table was centered with a four-tiered wedding cake, beautifully decorated by Mrs. Guy Dow of Champion.

The invocation was given by the minister, Mr. Pelham. Cameron Love proposed the toast to the bride, to which the groom fittingly responded. Telegrams were read from friends in England, Italy and Grand Prairie. During the reception, Miss Hammer sang the selection, "Walk Hand in Hand."

Mrs. Elsie Passoli of Champion was in charge of the guest book.

For travelling the bride changed to a two-piece frock of Paisley print with white accessories. Her corsage was white roses.

Following a month's wedding trip in England and Scotland, Mr. and Mrs. Maisey will reside in Lethbridge.
